a Publication of

J. T. Barber Junior High School

New Bern, North Carolina

Message From Our Principal

Like all prior years, this one has been the most important. What you have learned here this year is but a beginning of what lies ahead of you in the future as you continue your formal training.

As I welcomed you, on behalf of the staff and me, at the beginning of the school year and at that time hoped that you would make the year profitable academically, spiritually and morally. I hope now, also, for your continued success as you further your studies.

You are what you are as a result of your heritage combined with whatever impact your stay at Barber and all the other experiences during this year, good and bad, have made upon you. Our continued hope is that J. T. Barber's impact has been positive and that this influence will serve as a stimulus propelling you into an orbit of unending successes.

This publication is a great work and will serve to remind you of your well-spent year here at the J. T. Barber Junior High School.
